I am taking care of him alone in US . I had some complications at the time of delivery . Everything is Okay now by the grace of God. I wanted to ask few questions and also to talk to you . Pls let me know the way to ask further questions. Do you have my horoscope with you now or I have to send you my details.

Thank You.

Dear Madam,

It was great talking to you too.  
Well, I have read all the points carefully and I do believe that everthing will be fine.  
Can you please send me  
Bal Gopal Mantra ( I saw that on your site) do I have to read the same ?  
And  
Do I have to read both “narayan kawach ”and / or “Vishnu Sahastranam path” .  
I am not able to find that on the net properly. If you have the exact mantra ...it would be great.

I do fast on Tuesday and Just started Vaibhav Lakshmi Vrat on Friday.

Also can you please tell me why some of my close relatives are never happy from me. They hate me even if I have always respected them. What should I do so that I am not misunderstood.

My third question is for my husband How is his health and his career. How is the prediction for progeny in his horoscope. I feel myself lucky to have a path now which you showed. I thank God for the same and for making people like you. Appreciate your work.

Talk to you soon.

Regards  
Swati
